

CONQUER ALL SURFACES

Taz ORB Technology provides true dual-motion orbital technology that cleans carpet, stone, tile & grout, wood, and more.

Superior orbital mechanics cleans all.

Conquer all surfaces with the Taz and see the superior advantage of ORB Technology. The Taz is the only all-surface cleaning, scrubbing, sanding, polishing, extraction, interim, and grinding machine in the industry. It tackles carpet, stone, tile & grout, wood, vinyl, concrete, epoxy, and other surfaces. The machine excels at chemical-free stripping, interim carpet encapsulation, tile & grout cleaning and more.

1 Orb Technology

- Orb Technology is a superior orbital mechanics system. Orbital mechanics allow this machine to vibrate and rotate at the same time; this dual motion action sets this machine apart from the competition. This system allows the Taz to outperform any other machine on the market. It also allows it to be more versatile and work on eight different floor surfaces.

2 Carpet

- Our low-moisture system has been engineered to clean for quick-drying and more immediate use. Maintaining your carpet with our low-chemical system will provide a more consistent appearance for your facility. Our carpet pads are oversized to allow you to clean right up to the walls and baseboards allowing you to work even faster.

3 Tile and Grout

- The Taz cleans tile and grout quickly, effectively, and without the use of excessive water and harsh chemicals. The brush used for tile and grout is soft enough that it will not scratch the floors yet is effective enough to scrub away tough stubborn dirt from the pores and crevices of tile and grout. The bristles on the outer edge of the scrub brush are longer to facilitate the cleaning up to the baseboards.

4 Concrete

- Eliminate excessive waste and harsh chemicals to remove the heavy soil that has settled deep down in the concrete pores and crevices. Mount the scrub brush with the weight kit, and witness the Taz action pick and lift away the grease and grime in a matter of seconds.

5 VCT

- Chemical-Free Stripping! The Taz is perfect for all of your chemical-free stripping needs. Use our chemical free pad to remove the floor finish with only water—no chemicals needed. The Taz's unique orbital action makes it possible to strip wax in very little time! Our chemical-free stripping pads are oversized to allow stripping right up to baseboards.

Technical Specifications and Order Numbers.

TAZ

TECHNICAL SPECIFICATIONS

Productivity (practical) (carpet/stripping/stone)	ft²/hr	7,000/6,000/120
Cleaning path	in	17
Pad speed	rpm	1725/80
Solution capacity	gal	3
Operating noise level	dB(A)	59
Weight	lbs	102
Dimensions (L x W x H)	in	56.1 x 29.8 x 50

EQUIPMENT

Order No.	Description
9.841-232.0	Taz Basic, seventeen inch Pad Driver without Solution Tank)
9.841-231.0	Taz Deluxe, seventeen inch pad driver with Solution Tank)

ACCESSORIES

Order No.	Description
<input type="checkbox"/> 8.637-658.0	Carpet Cleaning Pad (10 pk)
